Hi Jean,

I have made an initial attempt to respond to EJ comments received for the draft Public Health Study Workplan. Under G2.C (comment response) in the Table of Comment Responses, please review and make any comments and/or additions necessary. Also I am sending the draft EJ section with comments from Henry and myself. Note: the responses are not directly represented from EPA, the responses will be incorporated in a responsive summary attached to the workplan from the responsible parties. EPA in consultation with DEQ will, after May 15, review the workplan for approval.

Thank you for your support
